

NOMINATION ANNOUNCEMENT

Dr. Markus THOENNES appointed new CEO of Hug Engineering

Elsau (Switzerland), February 10, 2022

Effective from February 1, 2022, Dr. Markus THOENNES has been appointed as new Chief Executive Officer of Swiss exhaust gas purification specialist Hug Engineering AG, a Faurecia company.

Dr. Markus THOENNES holds a PhD in Automotive Engineering and an MBA in Strategy, Finance & Accounting. He started his career in the automotive sector. Markus brings a track record in consulting, business development, innovation, project management and leadership. He joined Faurecia in July 2020 as General Manager for the Zero Emission Business Incubator within Faurecia Clean Mobility. In this role, he successfully led the expansion of Faurecia's portfolio towards new hydrogen and battery products.

"We are very pleased to welcome, Dr. Markus THOENNES as the new CEO of Hug Engineering," shared Yves Andres, Faurecia Clean Mobility Executive Vice President, "with his outstanding expertise in sustainable technologies and business development he is perfectly positioned to address the High Horsepower exhaust aftertreatment systems challenges to enable clean solutions for industries and mobility."

ABOUT HUG ENGINEERING

Hug Engineering is one of the leading suppliers for low to zero-emission solutions. We produce systems for Diesel and gas engines used in Marine, Power Generation and Mobile applications. The company provides efficient solutions and customized concepts for exhaust gas cleaning. As one of the few manufacturers in the world, we develop, design and produce all key components in-house and are setting new benchmarks in the area of exhaust gas after-treatment. Our products are compliant with the major regulations, such as, IMO Tier III and EPA T4f and local regulations. Using a global distribution network, Hug Engineering is present in the international market. This guarantees constant and prompt support in terms of sales, repair, spare parts and product servicing.

Hug Engineering belongs to the Faurecia Group, one of the leading automotive suppliers.
